

## WALCAMP

**\$18,000**

Our mission is to provide Outdoor Ministry where God's Creation is Explored, Christ is Exalted, and Christians are Equipped for Service back home and beyond. We need to be good stewards of the facility God has entrusted us. Our pavilion is used by many of our programs as well as many user groups. A few local congregations utilize this area for Vacation Bible School, while another uses the area for a large congregation camp out. We are planning on adding a serving kitchen to the structure. This will enable us to have a second space for serving guests when our lodge dining hall is in use by another group.
